Good afternoon Ian,

I have a final briefing with our regional administrator in two weeks. Hoping we get the green light shortly after and I will be submitting to OMB as time sensitive. Hoping they will review fairly quickly as they have in the past, but they can request up to 90 days. I will shoot you an email once I get a determination from them (OMB) on the permit.

Hi Nichole,

Just checking if you had any update on the timeline for the general permit being finalized?

Ian,

Apologies for the late reply. I was out for the holidays. Permit has not been finalized yet but we are hoping too soon. Going through some upper management review and briefings an once that is done we will be submitting to our Office of Management and Budget. Depending on whether they elect or decline to review the permit, will determine our exact time line, so I cant give an exact time line yet but I am hoping sooner than later and apologize for any inconvenience. We have had a lot of hiccups this renewal.

Thanks,

Nichole Young

Hi Nichole,

Do you know the timeline on the new Offshore General permit being issued? I have checked the EPA website but I don't see any new information besides the public comment period ending in September.

Thanks for your time,

EPA Region 6 is proposing to reissue the National Pollutant Discharge Elimination System (NPDES) General Permit No. GMG290000 for existing and new sources and new dischargers in the Offshore Subcategory of the Oil and Gas Extraction Point Source Category (40 CFR Part 435, Subpart A), located in and discharging to the Outer Continental Shelf offshore of Louisiana and Texas. Notice of the proposed permit was published in the Federal Register on July 22, 2022, starting a 60-day public comment period. Comment period ends September 20, 2022. To submit comments please visit Federal eRulemaking Portal at <http://www.regulations.gov>, Docket No. EPA-R06-OW-2022-0603.

Public meetings and hearings on the proposed permit are scheduled to be held virtually via Teams on September 1, 2022. The public meeting is scheduled to start at 5:00pm and the hearing is scheduled to start at 7:00pm. Please visit <https://www.epa.gov/tx/forms/registration-form-virtual-public-meeting-and-virtual-public-hearing-outer-continental> to register. For more information on the public hearing and meeting and for proposed permit documents visit <https://www.epa.gov/npdes-permits/support-documents-npdes-general-permit-offshore-oil-and-gas-operations-western-gulf>."
